

REMARKS/ARGUMENTS

The above-identified NOTICE mailed on September 3, 2008 indicates that an inconsistency exists between the drawings and the Brief Description of the Drawings in the specification. The NOTICE indicates that Figure 7D is listed in the Brief Description of the Drawings in the specification but is not contained in the Drawings.

In response, Applicants have now amended the Brief Description of the Drawings in the specification to delete lines 12 and 13 on page 7 to delete the paragraph "FIG. 7D depicts the polarity of the three-phase windings on the stator in one embodiment of the invention;" so as to remove the reference to FIG. 7D which was not contained in the Drawings as originally filed.

Applicants assert that the Drawings and the Brief Description of the Drawings are now consistent with one another.

Respectfully submitted,
Holland & Hart LLP
